

Saint Thomas the Apostle School
Growing together in faith and knowledge

Rev. David V. Berberian, Pastor
Thomas Kane, Principal

Right now is the most exciting time in Catholic education!

Our school is a learning community involved in a wonderful task. Each day we gather and join one another in a mission of growing together in faith and knowledge.

As parents, you are the most important people in your child's life. You are your child's primary teachers. By entering into a partnership with St. Thomas the Apostle School, you are ensuring that your child will become a part of what the Church recognizes as ***“the fullest and best opportunity to realize the threefold purpose [message, community, service] of Christian education among children and young people.”***

Saint Thomas the Apostle School enjoys an outstanding reputation for effective teaching, learning, and academic excellence because we recognize the education of a child as a ministry. All of our learning experiences, without exception, are lived in the presence of God.

The dedicated faculty of Saint Thomas the Apostle School teaches mathematics, English language arts, science, and history with the understanding that no part of our world is separate from God. The parish of Saint Thomas the Apostle School has committed itself to helping young people acquire the necessary social skills for taking their productive place in society. With the expectation that each child reaches his or her potential, our commitment produces a spirit of high standards accomplishment.

On behalf of Saint Thomas the Apostle School, I welcome you to our community. We look forward to working with you in the future.

May God bless and keep you always,

Thomas J. Kane
Principal
